Reinsurance Process Standard

1. Overview

This document defines the reinsurance business process, including treaty and facultative reinsurance, automatic cession, billing, and claim recovery. It is intended for developers and testers of the reinsurance center, underwriting center, and claims center.

2. Reinsurance Types

Type	Definition	Application
Treaty	Pre-signed contract with fixed terms	Standard business, automatic cession
Facultative	Case-by-case negotiation	High-value/high-risk policies exceeding treaty limits
Facultative-Obli gatory	Cedant may choose to cede, reinsurer must accept	Flexible arrangement for specific lines

3. Treaty Reinsurance Process

3.1 Automatic Cession Flow

Policy Issuance → Treaty Scope Check → Calculate Cession Share → Record Cession → Billing

Step	Description	Processing
Scope Check	Match policy by product type, coverage, risk	Auto
Share Calculation	Calculate based on treaty retention/percentage	Auto
Record Cession	Create ceded policy details	Auto
Premium Bill	Generate receivable/payable premium bills	Auto
Claim Recovery	Notify reinsurer on claim settlement	Auto

3.2 Cession Calculation Example

Treaty Terms:

- Retention: 1,000,000
- Treaty Capacity: 4,000,000
- Cession Percentage: 80%

$\text{Cession} = \min(\text{Sum Insured} - \text{Retention}, \text{Treaty Capacity}) \times 80\%$

4. Facultative Reinsurance

Exceeds Treaty → Create Slip → Quote → Acceptance → Record Cession

- Requires more manual processing, system provides slip template and workflow tracking
- Must complete facultative arrangement before policy issuance

5. Billing & Settlement

Bill Type	Cycle	Content
Premium Bill	Monthly	Ceded premium + taxes + commission

Bill Type	Cycle	Content
Claim Recovery Bill	Monthly	Paid claims × cession share
Profit Commission	Annual	Profit sharing calculation

5.1 Billing Process

Data Collection → Bill Generation → Reconciliation → Settlement → Archive

6. System Integration

Event	Source System	Reinsurance Action	Protocol
Policy Issued	Underwriting	Check cession, record	MQ Event
Policy Changed	Servicing	Update cession record	MQ Event
Claim Settled	Claims	Calculate recovery	MQ Event
Claim Paid	Payment	Record recovery receivable	MQ Event
